Dear Families,

Below are the dates for this year's MCAS tests. I am sending these dates to you now so you can plan any doctor appointments around testing dates. In past years, some families take vacations while school is in session. Please contact me if you have special circumstances which would prevent your child from being in school during MCAS administration.

Coming Soon!!

Community Hearts is a fifth grade community service project that takes place during the first two weeks of February. Each year the fifth grade students put forth their efforts to lend support to an area of need within our community. This year's endeavor will support **The South Shore Habitat for Humanity/ Stoughton Project**. Handmade paper valentines will be sold each day from **February 1st-February 10th** at a cost of 50 cents each. All the money raised will be donated to The South Shore Habitat for Humanity/Stoughton Project.

In addition to the heart sale there will be a school wide collection of **new hammers, tape measures or tool aprons**. In celebration of the 100th day of school in February we hope to collect 100 or more that will be donated to the Stoughton Project.

Thank you as together we work to help the community in which we live.

Members of the South Shore Habitat for Humanity inspire students to help their community.
